LAND USE POLICY

Overview: The goal of COMPANY NAME Land use policy is to achieve improvement of livelihood, food and water security, and best possible realization of various developmental targets so as to ensure sustainable development.

Purpose: COMPANY NAME purpose is to ensure optimal utilization of the limited land resources for achieving sustainable development, addressing social, economic and environmental considerations.

Scope & Objectives: The objective in land use planning is to promote the following through interactive planning and sufficient assessment of impact:

1. A safe, healthy, pleasant, socially functional living and working environment which provides for the needs of various population groups, such as children, the elderly and the handicapped;
2. environmental protection and prevention of environmental hazards;
3. Proper use of natural resources;
4. favourable business conditions;
5. availability of services;
6. an appropriate Internal traffic system.

Policy Elements:

We at **COMPANY NAME** do not buy or establish our factory in area so rights, resources, lands and territories of forest-dwellers, indigenous people, smallholders, squatters, pastoralists, or minority groups.

- 1) We establish our industry only after land owner's NOC and local industrial area is allocated by the Government.
- 2) As far as reasonably practicable, we will engage in forestation and plant in local community.
- 3) Our establishment will follow the roles of FPIC, if we extend/new set up of land for factory.
